MEMORANDUM

TO: Administrators of ADETS programs and Current ADETS instructors
FROM: Lynn B Jones, Program Manager, DWI Services
RE: Adoption of the Prime For Life Curriculum

As you may have read in last month's email sent by Lynn Jones, the DWI Services office was granted approval by the NCDHHS Rules Commission to adopt a new ADETS curriculum. After a rigorous evaluation process the Prime For Life curriculum, created by the Prevention Research Institute (PRI), was chosen. We are thrilled to have the opportunity to work with PRI and this nationally renowned, evidence-based and SAHMSA registered first offender education program. For additional information, please refer to the website at www.primeforlife.org or contact our office 919-733-0566.

As part of the adoption process ALL current and future licensed and/or certified ADETS Instructors per § 122C-142.1 and Supervisors who wish to continue providing ADETS services will need to be trained in the Prime For Life curriculum. The training is being offered at no cost to the attendees however hotel accommodations and some meals will need to be taken care of by the Instructor/affiliated ADETS program. **3.2 IACET CEU's will be awarded (32 contact hours)!**

The Prime For Life Training/Instructor Certification REQUIRES the following:

1. Current substance abuse licensure/certifications per § 122C-142.1 (www.ncdwiservices.org)
2. Affiliation by the licensed/certified ADETS instructor with a current ADETS facility in good standing with the NCDHHS DWI Services Office
3. FULL attendance by a current licensed/certified ADETS instructor, at a four-day training including overnight stays – see options below.
4. Completion of the PRIME For Life Instructor certification process (including refresher trainings and online certification process).
